# H13: 314 W 50th St

Designer: Mark Benzell | Project Type: Bathroom  
Educational Feature: How to Plan a Bathroom Remodel

While this South Minneapolis bathroom was still a functional space, aesthetically the homeowners agreed it was time for an update. The overall square footage was increased by removing the west wall, creating a more open space for both users to get ready in the morning. A new walk-in shower was installed with a tiled bench and the original claw foot tub was reinstalled across from it, creating one single area for bathing. A custom vanity with a double sink was installed with Cambria Quartz Newhaven countertops and Chelsea maple cabinetry.
