The Educational Remodeling Tour

H14: 424 W Diamond Lake Rd

Designer: Mark Benzell & Elizabeth Bland

Project Type: Kitchen, Bath

Educational Feature: 25 Factors When Choosing a Remodeler

A very unique home! The family room and master bedroom / bathroom are part of a 1950's addition, which included an elevator. The original owners had several children with polio and the elevator allowed them to utilize the basement space. Unused for years, the current homeowners decided to eliminate that and expand the kitchen and master bath / closet. The design keeps the existing farmhouse style in mind, while including modern conveniences like a wine fridge and quartz countertops. Meanwhile, the bathroom and closet are now more suited to the homeowners taste.
