*The Educational Remodeling Tour*

# H16: 5744 20th Ave S

Designer: Amy Hinck | Project Type: Kitchen, Addition  
 Educational Feature: Kitchen Layout Basics

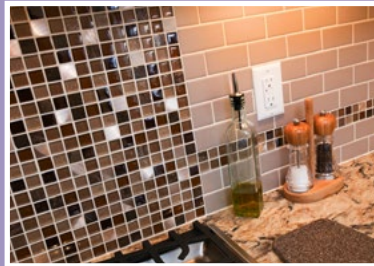

The homeowners of this 1945 Minneapolis home love to cook and entertain and were looking to expand their modestly sized kitchen. First, an 18.5' x 7' addition over a crawlspace was added to the rear of the home in order to enlarge the kitchen and dining room. We matched the existing vinyl siding, aluminum soffit and fascia, and 30 year architectural shingles. To help create a more open layout, the wall between the existing dining room and kitchen was removed. Chelsea custom Poplar cabinets with a Red Wine stain finish were installed and Cambria countertops complete the space.
