The Educational Remodeling Tour

H17: 1843 Bohland Ave

Designer: Katie Jaydan | Project Type: Kitchen, Bathrooms
 Educational Feature: Reconfiguring Your Home

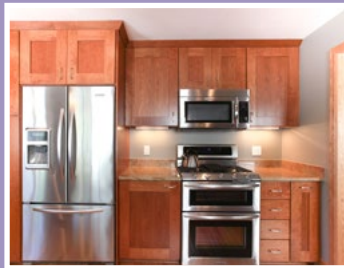

Looking to make changes throughout the home as a whole, the owner of this St. Paul house came to Castle for multiple rooms to be remodeled. The Kitchen, Bath, and Master Bath were all completely remodeled while the bedrooms were reconfigured to better suit the owner's needs. To create a more open plan, the wall separating the main living space from the Kitchen and Hall were opened. This allowed for a peninsula in the Kitchen and more walk space to the rest of the house. The back two bedrooms were joined to make one large Master, and a large walk-in closet was installed to create ample storage.
