HOME TOUR

The Educational Remodeling Tour

H19: 1614 Stanford Ave

Designer: Katie Jaydan | Project Type: Master Suite, Living Room
 Educational Feature: Moving Up vs Adding On

At first, the homeowners of this St. Paul home considered moving, but then decided that instead of searching for the perfect house, they would remodel their own to make it exactly what they were looking for. After calling Castle, they decided on an addition to the second level expanding their Master Bedroom and creating a marvelous new Office / Guest Room. The main level's small Family Room and spare Bedroom were combine, creating one large Family Room with access to the back yard.

After
