HOME TOUR

The Educational Remodeling Tour

H24: 1882 Walsh Ln

Designer: Elizabeth Bland | Project Type: Kitchen
Educational Feature: Remodeling ROI

This Mendota Heights kitchen saw a major transformation with a portion of the wall being removed between the eating area / kitchen and the family room: opening the space and creating a better flow throughout the house. The perimeter cabinets are original and were repainted to match the new design, while the buffet was transformed into a desk area with storage. A new island was installed with counter height seating and a mini fridge. The overall design is modern and open and fits the family lifestyle to a "T." It is a perfect showcase of how you can use what you have, update the space and make it your own.

After

Left: Rendering of overview of the Kitchen and Dining Room

Right: Rendering detail of Kitchen Island.

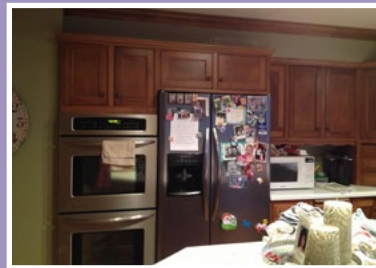

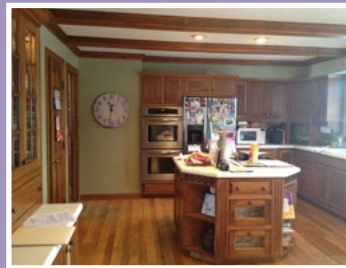

Before

Left: Original Kitchen layout

Center: Detail of original range and fridge

Right: Original built in hutch
