HOME TOUR

The Educational Remodeling Tour

H2: 1033 36th Ave NE

Designer: Courtney Walker | Project Type: Kitchen, Bath
 Educational Feature: Staging Your Remodel

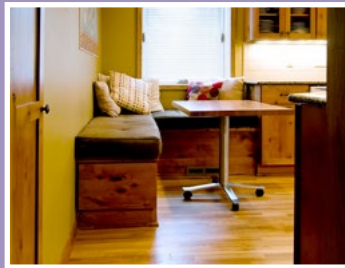

This kitchen was designed by past Designer Karie Place.

This Northeast Minneapolis home is no stranger to Castle. With work starting in the basement, Castle has now helped these homeowners remodel on almost every floor. The kitchen was most recently completed in 2010. While the overall layout remained the same, new features include new bench seating, new Adler cabinetry and new Cambria Quartz countertops. This year we completely regutted the main floor bathroom and have plans to complete the 2nd floor bathroom in the near future. In conjunction with Castle, the owners have created a great remodeling timeline for themselves so they could accomplish all of their remodeling needs in both a timely and cost-effective manner.

After

Left: Overview of custom bench seating

Center: Custom cabinetry pull outs increase storage

Right: Overview of new kitchen

Before

Left: Original cabinetry layout with peninsula

Center: Original range with tile backsplash

Right: Original detail of sink and countertops
