HOME TOUR

The Educational Remodeling Tour

H6: 3843 Beard Ave S

Designer: Mark Benzell | Project Type: Kitchen, Flooring
Educational Feature: Choosing the Right Flooring

This entire home needed a lot of attention, both inside and outside. In addition to plaster repairs, refinished flooring and painting in every room of the house, the kitchen was gutted and entirely remodeled. The old doorway between the kitchen and dining room was enlarged to become a spacious archway, visually connecting the kitchen to the main living areas of the main floor. Custom cabinetry, granite countertops, a glass tile backsplash and new appliances retain the charm of the home while bringing the overall look into the 21st Century.

After

Left: Overview of kitchen.

Center: Newly painted exterior.

Right: Cabinetry Detail.

Before

Left: Original cabinetry and sink.

Right: Original cabinetry and dishwasher.
