The Educational Remodeling Tour

H9: 3309 Aldrich Ave S

Designer: Amy Hinck | Project Type: Kitchen, 1/2 Bath
 Educational Feature: Custom Tile

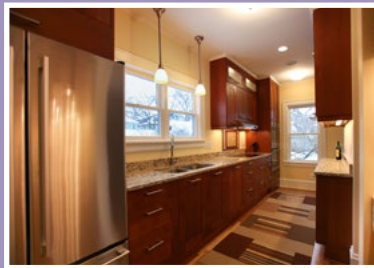

By removing walls and making structural changes, the refrigerator, cooktop / oven, and sink could finally be in the same room! A wet bar was installed near the existing sink location, which is now part of the breakfast nook / mudroom. The two original doors to the dining room were kept in place allowing for the circular flow and traditional symmetry. The custom backsplash tiles above the cooktop influenced the color scheme. Meanwhile, flat panel cabinets from Ikea and Granite countertops were installed throughout. Finally, a powder room was added off the breakfast nook / mudroom.
